STUDENT HANDBOOK

- The **Temple College Student Handbook** details the many services, resources and activities available at Temple College. The handbook is designed for use as a reminder to returning students and as a guide for new students.
- It is a “rulebook,” a source of information provided to help you understand what is expected of you as a student and what is expected of your peers and Temple College faculty and staff.
- The Handbook is not intended to be comprehensive. Instead, vital information is presented, and, when necessary, the Handbook refers to other publications that can provide more detailed information (i.e., the Temple College website, located at www.templejc.edu.) Future changes may supersede policies published in the handbook.

STUDENTS RIGHT TO KNOW ACT AND CAMPUS SECURITY ACT

- In compliance with the Student Right-to-Know and Campus Security Act, 20 USC 1092 (a), (e), (f), as amended, Temple College collects annual information on campus crime statistics, campus security policies, and institutional completion or graduation rates. In addition to graduation rates of students, the college will issue timely warnings to the campus community of crimes considered to pose an ongoing threat to students and employees. Temple College will also maintain a public crime log of all crimes that occur on campus or within the patrol jurisdiction of the campus police that are reported to the campus police.
